# IceRock™ self-service counter

MODEL **SCTRI**

IceRock™ self-service counter with granite top and bottom storage.

### General Information

Refcon's IceRock™ counters are designed as a presentation counter for all your pre-chilled products whether seafood, desserts or beverages. The Refcon IceRock™ helps maintain the product appearance in the display setting of your choice.

No other manufacturer offers innovative technologies like IceRock™ to keep food items cold on a seamless, monolithic stone

surface – allowing the broadest use of service ware.

IceRock™ lets you turn select monolithic granite or manmade stone surface into a frosted top. For the first time ever, you can obtain a seamless frosted surface that allows for the dramatic presentation of food products on frost. Refcon's unique cooling system assures even frosting and clear lines of demarcation between frost and stone.

IceRock™ shapes can follow the counter shape (rectangular, radiused or other) and their dimensions can be customized without adherence to any predetermined basic sizes. In order to assure IceRock™ superior performance, Refcon must provide the base counter along with countertop for total integration.

### Standard Features

- Frosted stone monolithic surface.
- Surface temperature 0° to - 10° F designed for flat metal or porcelain pans only. No plastic.
- Numerous natural and man-made stones can be used. Contact Factory.
- Illuminated power switch
- Base counter must be provided by Refcon for structural integrity.
- Refcon can interface sneeze guard into counter surface.
- Custom shapes and sizes available.
- IceRock™ is for “contact” cooling only. Serving or display platter must be flat without any ridges. IceRock™ can only chill product it contacts. Temperature of stacked product cannot be maintained.

### Options

- Self-contained refrigeration
- Remote refrigeration (R404a)
  - Remote refrigeration temperature control package
- Refrigerated bottom storage
- Custom countertop
- Additional drop-in equipment
- Stainless steel and tempered glass sneeze guard with light
- Custom finishes
- Under-ledge decorative lighting
- 1-year labor warranty
- 5-year compressor warranty

Continuing product improvement may subject specifications to change without notice.
